

Greetings Meals on Wheels clients!

We would like to offer you a 2nd hot entree choice for each day of the month. As you look at the menu please determine if you would like to have the “**regular menu**” item or the “**option B**” item for each day. By default everyone will receive the “**regular menu**” item.

**\*\*We only need to know if you would like to receive *option B*. If you would like to receive the *regular menu* item then there is no need to do anything\*\***

*\*\*You are welcome to call in all changes for the month upon receipt of the menu. Same deadline applies- for any changes let the office know no later than 1pm the business day before delivery\*\**

If you currently receive a regular, large, or dental meal type then you may participate in this options program. Renal, puree, and vegetarian meal types are not applicable at this time.

Thank you,

Glenda, Kristy, & Brenda
